“Since it turned out to be both an NFR and Heaton Harriers championship race the field of runners was outstanding in both quality and quantity. Nobody was intimidated by the “bull in field sign”, however nothing was seen of the beast but it inspired some to good times. None better than Emma Bain who broke the ladies record. Some diverted from the red and white taped route but all returned unscathed. Even after the difficult fording of the Falstone Burn.” – Mike & Fiona Sanderson
